WIPE POWDER

PLACE COVER

FINISH

TOOLS YOU NEED

Powder

Microfiber Cloth

WOOD TABLE

Simply clean the surface and place the cover evenly on the table. No water or powder required.

Step-by-Step Video Tutorial

CARE GUIDE

FOR STRONG STAINS

Use lemon or toothpaste to remove tough stains.

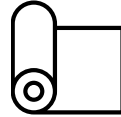

AVOID EXCESS SCRUBBING

Avoid steel wool, scrub pads, or rough brushes. Microfiber cloth works best.

NO HARSH CHEMICALS

Avoid bleach, strong cleaners. Mild soap & water work best.

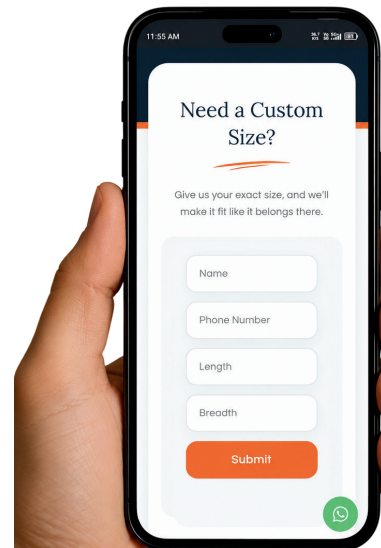

DO NOT FOLD

Roll the cover instead of folding to avoid creases.
